FOREWORD

This booklet contains the schedule of courses offered to medical students at Howard University College of Medicine. It provides a calendar of events, examination dates, and schedule of clerkships. Where applicable, non-medical graduate students enrolled in medical courses will comply with the class and examination schedules set forth in this booklet. The respective departments will schedule other courses, seminars, and examinations for graduate and other students. The schedules do not show dates and times for quizzes and other evaluations.

CURRICULUM – MD PROGRAM

The program of instruction of the College of Medicine provides the forum for the students to acquire the essential knowledge, skills, behaviors and attitudes necessary for the practice of medicine as set forth in the Educational Objectives for Howard University College of Medicine. The details of these objectives are shown in the University and College of Medicine Policies and Procedures Manual, also called the "Policies Manual". In addition, time is provided in the schedule for elective courses (Electives Manual), so that students can explore areas of their need or special interests.

First Year

The first year integrated curriculum has seven instructional units. They include two 2 units of instructions concerning Molecules and Cells, three dealing with Structure and Function and two units of instruction in courses entitled Medicine and Society. Instructions in clinical skills and communication skills are integrated in these units.

During the first semester instructional units in Molecules and Cells include: macromolecules and metabolism, molecular and cell biology, tissue histology, nutrition, basic microbiology, genetics and immunology. The Medicine and Society unit consists of clinical and learning skills development. The structure and function block begins in the first semester with instruction in bones, muscles and skin.

During the second semester, the Structure and Function units include: head and neck; nervous system; thorax, abdomen and pelvis. The Medicine and Society unit include: nutrition and global and environmental health.

Second Year

The second year integrated curriculum has seven units. They include six units of instruction covering the organ systems, one unit in introduction to clinical medicine, one unit in physical diagnosis and one unit dealing with medicine and society. Instructions in clinical skills and communication skills are further integrated in the units taught during this year.

During the first semester, instructional units in the organ systems include general principles; hematopoetic, lymphoreticular, musculoskeletal and skin systems; cardiovascular and respiratory systems; and the renal/genito-urinary systems. There is a semester-long unit on Introduction to Clinical Medicine.

During the second semester, the organ systems includes instructional units covering the gastrointestinal, endocrine and reproductive systems; the central nervous system and special topics. Physical Diagnosis and Medicine and Society are two other units in the second semester. The Medicine and Society unit includes complementary/alternative medicine and biometrics/ epidemiology.

Third and Fourth Years

The third and fourth years consist of units of instruction in a continuum of clerkships (internal medicine, neurology & rehabilitation, surgery, obstetrics & gynecology, pediatrics, psychiatry and family medicine) and examinations in the various clinical subjects. All junior medical students are required to take a course in Introduction to Health Care Ethics and Jurisprudence either during the first or the second semester. During the fourth year there are two required clerkships– internal medicine and surgery. During these clerkships the students function as acting interns (AI). A

primary care rotation is also required during the fourth year, but the student elects the site and the discipline in a primary care field for the experience. Each student has the opportunity for clinical or research experience through six or seven electives – one of which is the primary care elective. All rotations in the fourth year are four (4) weeks in duration. All clinical rotations (required or electives) must be approved by the senior Associate Dean for Academic Affairs.

ELECTIVES

Time is available for elective courses presented in the form of lectures, research, seminar and clinical experiences. These courses are designed to broaden the basic knowledge acquired in the core curriculum and also to meet the needs of individual students that arise from differences in background, interests, and choice of careers in medicine or medically related professions. All electives must be approved by the respective department and are monitored by the Senior Associate Dean for Academic Affairs. *(Please refer to the booklet on electives for details)*

Beginning in the second semester of the first year, the freshman medical student may enroll in one (1) elective per semester through the second year. Enrollment in electives during the first two years may be done at the option of the student, and is not required for promotion to the second or third years. Clinical electives are not open to first and second year students. First and second year students are strongly advised to select electives that will enhance their preclinical preparation.

Elective Requirements: Elective time is not available in the clerkship schedule of the third year. However, in the fourth year, a maximum of twenty eight (28) weeks or a minimum of twenty (24) weeks must be spent in elective courses, or research activity. These elective weeks include the primary care rotation. No more than eight (8) weeks (if 24 weeks of electives are chosen) can be spent in the same specialty, or subspecialty and no more than eight (8) weeks in research.

During senior electives, students may simultaneously serve as externs, or receive compensation as a US-PHS appointee in connection with an approved elective. The elective, however, must be a training experience and temporary employment cannot be substituted for electives.

Intramural electives: Students desiring to take senior electives within the College of Medicine or Howard University Hospital must register within the respective department(s) during the spring semester of the third year.

Extramural Electives: In choosing electives, senior students may enroll in courses offered at Howard University (described in the booklet, "Senior Elective Courses") or, upon approval, electives may be taken at another institution in the United States. Application for extramural electives is facilitated by the Visiting Student Application System (VSAS). The process is detailed in the electives booklet that is published annually. Final approval of electives is made by the Senior Associate Dean for Academic Affairs prior to transmitting the application to the extramural host institution where the elective is to be taken.

International Electives: Students may also enroll in international electives. In this case, in addition to the standard steps the student must complete additional forms available in the office of the Senior Associate Dean for Academic Affairs.

Visiting Students: Students from LCME accredited medical schools and students from accredited schools of osteopathic medicine may be accepted for electives in the fourth year at Howard University, providing space is available.

Each student must provide the list of all electives showing the following:

- Name of elective
- Institution where the student will rotate for the elective
- Dates for the electives
- Supervisor or contact person for each elective
- Other requested (by the Senior Associate Dean for Academic Affairs) information for international electives

Service Learning: A list of opportunities for students in the College of Medicine to participate in service learning activities is maintained in the office of the Associate Dean for Student Affairs and Admission. The College of Medicine encourages and will support students to participate in these activities to the extent possible.

Research Opportunities: The College of Medicine encourages students to participate in research. In addition to take electives in research in the senior year, opportunities also exist during all 4 years in the curriculum for students to participate in such activities. Students should contact the Associate Dean for Research for more information.

OTHER PROGRAMS

Combined BS-MD Program

This is a cooperative program at Howard University between the Colleges of Medicine and the College of Arts and Sciences which allows the student to complete the requirements for both the B.S. and the M.D. degrees in six (or seven) years instead of the customary eight years. A limited number of students are admitted to the medical program from the College of Arts and Sciences as part of the entering class of traditionally selected students.

Combined M.D./PhD. Program

This program is may not be offered for new candidates for the 2013-2014 academic year

The College of Medicine and the Graduate School co-sponsor this interdisciplinary program which prepares students for leadership roles as clinicians/scientists/scholars. The requirements for both the M.D. degree and the PhD. degree in the student's selected graduate department can be completed in approximately seven years without any diminution in either the M.D. or PhD. curriculum. The graduate departments that currently award the PhD. degree in this program are Anatomy, Biochemistry and Molecular Biology, Biology, Chemistry, Genetics and Human Genetics, Microbiology, Pharmacology, and Physiology and Biophysics.

Dual M.D./MBA Degrees Program

A limited number of medical students in the College of Medicine may enroll in the MBA program, so that at the end of five years these students will receive the M.D. and the MBA degrees. Students must meet the criteria for admission to the MBA program and must also successfully complete the first two years in the medical school. Students are strongly advised to sit for the USMLE Step 1 before starting the MBA program. The students will then be granted a one year leave of absence from the College of Medicine to enroll in the Business School for a total of 39 credit hours. After successful completion of the MBA curriculum, the students then return to the College of Medicine to complete the requirements for the M.D. degree. Medical students who wish to enroll in this program may obtain more information from the Senior Associate Dean for Academic Affairs in the College of Medicine and must write a letter to the said Associate Dean requesting permission

program prior to applying for the MBA program.

ACADEMIC SUPPORT PROGRAMS

Student Academic Support Program (SASP)
The Office of Medical Education (OME) presents problem solving, critical thinking and assessment of learning styles strategies for concept mapping, to medical students during Freshman Orientation week and during the early part of the first semester. Individual sessions are also offered throughout the school year. Academic support is offered to all students. Students who are identified as requiring academic reinforcement are referred to the OME for academic counseling and/or tutorial support.

MedSTAR (Medical Student Taught Academic Review)
The MedSTAR program has tutors who are selected on the basis of their academic performance, scholastic standing and personality traits to provide assistance to students who request support in handling course content.

Academic Support also includes intensive review sessions that are presented during the summer in the **Summer Directed Study Program** (SDSP) for students who have incurred deficiencies during the regular school year. The Committee on Promotions, Graduation and Prizes prescribes enrollment in the Summer Directed Study Program for those students considered eligible in accordance with the Policy on Student Promotions of the College of Medicine. Other programs to increase retention and graduation of students include: **reexaminations**, **repeat clerkship**, **repeat an academic year, financial support** for review courses in preparation for the USMLE.

GRADES, PROMOTION AND GRADUATION

A statement of the policy governing student promotions is provided to each student at the beginning of the academic year. The Committee on Student Promotions, Graduation and Prizes of the College of Medicine will review student performances and make decisions concerning promotions periodically throughout the year. A report of grades is provided to each student following each examination, and at the end of each semester. The Office of the Senior Associate Dean for Academic Affairs, Student Records Section, issues all grade reports. It is the responsibility of each student to check with the Student Records Section for his/her grade as soon as the grades are available. Grades are issued directly to the student, and not released by fax, email, or to a third person. The College of Medicine may honor a signed written request by the student/graduate to release his/her grades to a third party.

Satisfactory student performance, including demonstration of appropriate professional behavior, is mandatory for promotion and graduation. Students are required to pass the United States Medical Licensing Examination (USMLE) Step 1 for promotion to the third year. Students are also required to pass the USMLE Step 2 Clinical Knowledge Examination (CK) and the USMLE Clinical Skills Assessment (CS) in order to be eligible to participate in the NRMP and for graduation. Grades in the College of Medicine are reported as H (Honors), S (Satisfactory), or U (Unsatisfactory) for medical students. Criteria for promotions and graduation are shown in the policies manual

Sheik N. Hassan, M.D., FCCP
Senior Associate Dean for Academic Affairs
July 2013

SCHEDULE OF EVENTS
College of Medicine
2013-2014

<u>Date Policy:</u> Deadlines are listed according to the calendar date on which they fall, even if that date falls on a weekend or is a legal holiday. Such deadlines must be met by close of business of the business day immediately following a weekend or legal holiday.

FIRST SEMESTER 2013

June 24, Monday- July 12, Friday	Registration for freshman for fall semester
June 27, Thursday	First deferred payment due for Fall 2013
July 10, Wednesday	Last day for HUCM to receive passing scores for USMLE Step 1 for students to begin third year rotations in July 2013
July 17, Wednesday- July 23, Tuesday	**Freshman** orientation begins 8:00 a.m., Room 1008, Numa P. G. Adams Building
July 18, Thursday	Academic orientation for **all new students** in the College of Medicine, Room 1008, Numa P.G. Adams Building 8:30 a.m. – 10:00 a.m.
July 18, Thursday - July 22, Monday	Late fee for **freshman, sophomore and junior** medical students
July 19, Friday	End of summer session for **senior** medical students
July 22, Monday	Academic registration and orientation for **sophomore** medical students in the College of Medicine, Room B-14, Seeley G. Mudd Building, 8:00 a.m.-9:50 a.m. Instruction begins at 10:00 a.m. for **sophomore** medical students Room B-14, Seeley G. Mudd Building Academic registration and orientation for **junior (2013-2014)** medical students, Room B-5, 8:00 a.m. to 5:00 p.m. **(Part 1 of 2)**
July 23, Tuesday	Academic registration and orientation for **junior** medical students continues, Room B-5, 8:00 a.m. to 5:00 p.m. **(Part 2 of 2)** End of year for **junior (2012-2013)** medical students

July 24, Wednesday	Opening exercise, 8:00 a.m., College of Medicine, Main Auditorium, Room 3019, Numa P.G. Adams Building Classes suspended for **all** medical students from 8:00 – 9:00 a.m. Instruction begins at 9:00 a.m. for **freshman** medical students Room 1008, Numa P. G. Adams Building Departmental orientation for **junior** medical students begins 9:00 a.m. Instruction begins for **junior** medical students following departmental orientation Academic registration and orientation for **senior** medical students, Room 3019, 9:00 a.m. to 11:00 a.m. (Include health insurance & disability income and OSHA recertification) Formal senior class photographs and mask fit 11:00 a.m. to 5:00 p.m., Room 1317. Numa P.G. Adams Building, for all **senior** medical students
July 24, Wednesday - July 26, Friday	Late fee for **senior** medical students
July 27, Saturday - July 31, Wednesday	National Medical Association Convention – Toronto, Canada
August 2, Friday	Short White Coat Ceremony – Room 3019 4:00 p.m.
August 5, Monday	Instruction begins for **senior** medical students, 8:00 a.m.
August 25, Sunday	Deadline for 100% refund of tuition/fees for medical students
September 2, Monday	LABOR DAY – LEGAL HOLIDAY
September 13, Friday	Last day for change of program including **senior** electives
September 11, Wednesday	Last day for HUCM to receive passing scores for USMLE Step 1 for students in SDSP to begin third year rotations in September
September 14, Saturday (Tentative)	Student research seminar series, Room B-14, Seeley G. Mudd Building, 9:00 a.m. to 6:00 p.m.
September 20, Friday	OPENING CONVOCATION - Cramton Auditorium, 11:00 a.m. (classes suspended from 10:00 a.m.-1:00 p.m.)
September 27, Friday	Deadline for 50% refund of tuition and fees for medical students

October 14, Monday	COLUMBUS DAY OBSERVED - LEGAL HOLIDAY
October 17, Thursday	Deadline for 25% refund of tuition and fees (Last day for refunds)
October 19, Saturday (Tentative)	The 34th Annual Health Professional Student Research Symposium College of Medicine, 1008, Numa P.G. Adams Building 8:30 a.m. – 5:00 p.m.
October 22, Tuesday	Second deferred payment due for Fall Semester 2013
October 28, Monday- November 8, Friday	General Registration for spring 2014
November 7, Thursday	Last date for total withdrawal from the university
November 11, Monday	VETERAN'S DAY OBSERVED- LEGAL HOLIDAY
November 13, Wednesday	HONORS AND AWARDS DAY, College of Medicine, Numa P.G. Adams Building, Main Auditorium, Room 3019, 11: 00 a.m. Classes suspended from 10:00 a.m. – 1:00 p.m.
November 15, Friday	Annual Louis Stokes Health Sciences Library Anniversary Symposium
November 28, Thursday – December 1, Sunday	THANKSGIVING RECESS
December 2, Monday	Instruction resumes in the College of Medicine
December 9, Monday	First deferred payment due for Spring 2014
December 17, Tuesday	End of semester for **freshman** and **sophomore** medical students
December 18, Wednesday – January 5, 2014 Sunday	**Winter Break (freshman and sophomore) medical students**
December 22, Sunday	End of semester for **junior** and **senior** medical students
December 23, Monday – January 5, 2013 Sunday	Winter Break for j**unior and senior** medical students
December 21, Saturday	Official date for December 2013 Graduates

SECOND SEMESTER 2014

January 3, Friday & January 6, Monday	Reexaminations for **freshman** and **sophomore** students
January 6, Wednesday	Instructions continues for **all** students for spring semester
January 6, Monday -	**LATE REGISTRATION/CHANGE OF PROGRAM PERIOD**
January 10, Friday	**(Add or drop a course without a grade of "W", change from section to another, change from credit to audit or audit to credit)**
January 10, Friday	Deadline for receipt of names for December 2013 Graduation Recommendations in Office of the Registrar of the University
January 12, Sunday	Deadline for 100% refund of tuition/fees
January 13, Monday	Orientation for USMLE Step 1 for **sophomore** medical students room B-14 1:30 p.m.
January 20, Monday	MARTIN LUTHER KING, JR'S BIRTHDAY OBSERVED
January 22, Wednesday	Orientation for senior year rotations for **junior medical students (class of 2015) –** 3:00-5:00 p.m. Room 3019
February 14, Friday	Deadline for 50% refund in tuition/fees
February 17, Monday	PRESIDENT'S DAY – LEGAL HOLIDAY
February 19, Wednesday	Last day for school to receive passing score/grade for USMLE Step 2 CK and CS for participation in the NRMP
March 6, Thursday	Deadline for 25% refund of tuition/fees(Last day for refunds)
March 7, Friday	CHARTER DAY CONVOCATION – Cramton Auditorium 11:00 a.m. (Classes suspended 10:00 a.m. -1:00 p.m.)
March 10, Monday	Debt Management Workshop for **senior** medical students, 2:00 p.m. to 5:00 p.m., Room 3019, Numa P. G. Adams Building
March 11, Tuesday	Second deferred payment due for Spring 2014
March 13, Thursday	Gold Humanism Awards Program, 5:00-8:00 p.m. Louis Stokes Health Sciences Library

March 14, Friday – March 17, Monday	**SPRING RECESS**
March 18, Tuesday	Spring Recess ends at beginning of classes and clerkships
March 21, Friday	Long White Coat Ceremony, 11:00 a.m.-1:30 p.m., Cramton Auditorium
March 25, Tuesday	Overview for USMLE Step 2 CS for **junior** medical students 3:00-4:00 p.m. Room 3019 Overview for ACLS for **junior** medical students 4:00-5:00 p.m. Room 3019
March 31, Monday – April 23, Friday	Clinical skills assessment for **junior** medical students
April 4, Friday	Last day to complete total withdrawal from the University
April 8, Tuesday	Orientation for graduation – May, June, and December 2014 2:00 p.m. to 4:00 p.m., Room 3019, Numa P.G. Adams Building Overview of ACLS - 4:00 p.m. to 6:00 p.m., Room 3019, Numa P.G. Adams Building
April 23, Wednesday	Last day for school to receive passing score/grade for USMLE Step 2 CK and CS for May 10, 2014 graduates
April 25, Friday	Final grades due for **senior** medical students
May 2, Friday	End of semester and year for **sophomore** medical students
May 4, Sunday – May 28, Wednesday	USMLE Step 1 review **sophomore** medical students
May 6, Monday	End of semester for **freshman** medical students
May 7, Wednesday	Alpha Omega Alpha Honor Medical Society Annual Lecture, Induction Ceremony and Banquet
May 9, Friday	End of semester and year for **senior (May graduates)** medical students HONORS AND OATH DAY – All **2014 graduates** (May, June, and December) Cramton Auditorium - 9:30 a.m. Final grades due for **sophomore** students

May 10, Saturday	COMMENCEMENT EXERCISES – May 2014 graduates Upper Quadrangle – Main Campus, 10:00 a.m.

SUMMER SCHEDULE 2014

May 19, Monday – June 27, Friday	Preliminary Academic Reinforcement Program (PARP) (Room TBA)
May 23, Friday	Final grades due for **freshman** students
May 26, Monday	MEMORIAL DAY OBSERVED – LEGAL HOLIDAY
May 27, Tuesday – July 3, Thursday	Summer directed study program (SDSP) for **freshman** medical students
June 2, Monday – July11, Friday	SDSP for **sophomore** medical students
June 4, Wednesday	Last day for school to receive passing score/grade for USMLE Step 2 CK and CS for June 2014 graduates
June 21, Saturday	Graduation date for summer June 2014 degree recipients
June 23, Monday - June 27, Friday	Clinical skills enhancement for **junior** medical students
July 4, Friday	INDEPENDENCE DAY LEGAL HOLIDAY
July 7, Monday	Clinical skills reexamination for **junior** medical students
July 9, Wednesday	Last day for HUCM to receive passing scores for USMLE Step 1 for students to begin third year rotations in July 2014
July 18 Friday	End of semester and year for **senior** medical students
July 22, Tuesday	End of semester and year for **junior** medical students

Students, faculty and staff are requested to periodically visit the following web sites:

FRESHMAN UNITS
(Include Examinations)

SEMESTER I

July 24, 2013– December 16, 2013	**Credit Hours**
Molecules and Cells Unit 1 – July 24-September 23 Molecules and Metabolism; Molecular Biology, Cell Biology, Tissue Histology	**12**
Molecules and Cells Unit 2 – September 24-November 4 Nutrition, Basic Microbiology, Genetics, Immunology	**8**
Medicine and Society Unit 1 –July 30, 2013 – December 10, 2013 **(Tuesdays afternoon only)** Clinical Skills, Health Care Systems	**4**
Structure and Function Unit 1 – November 5, 2013 – December 16, 2013 Bones, Muscles and Skin	**5**
Semester Total	**29**

SEMESTER II

January 6, 2014 – May 5, 2014	**Credit Hours**
Structure and Function Unit 2- January 6, 2014 – February 18, 2014 Head, Neck, Nervous System	**10**
Structure and Function Unit 3 – February 19, 2014 – May 5, 2014 Thorax (Cardiopulmonary), Abdomen, Pelvis	**15**
Medicine and Society Unit 2 – January 7, 2014– April 29, 2014 **(Tuesdays afternoon only)** Nutrition and Global & Environmental Health	**3**
Semester Total	**28**
Grand Total for First Year (M I)	**57**

SOPHOMORE UNITS
(Include Examinations)

SEMESTER I

July 22, 2013 – December 17, 2013	**Credit Hours**
Organ Systems	
Unit 1 - General Principles July 22 – August 26	**6**
Unit 2 – August 27 – September 30 Heamtopoetic, Lymphoreticular, Musculo-Skeletal and Skin	**6**
Unit 3 – October 1 – November 12 Cardio-Pulmonary and Vascular Systems	**7**
Unit 4 –Renal/Genito-Urinary November 13 – December 16	**6**
Introduction to Clinical Medicine July 23-December 17	**4**
Semester Total	**29**

SEMESTER II

January 6, 2014 – April 21, 2014	**Credit Hours**
Organ Systems	
Unit 5 – January 6 – February 18 Gastrointestinal System, Endocrine, Reproductive and Special Topics	**8**
Medicine and Society Unit 3 Behavioral Medicine February 19 – March 14 Complementary/Alternative Medicine	**4**
Organ Systems Unit 6 - Central Nervous System March 19 – April 21	**7**
Physical Diagnosis January 7 – April 22	**8**
Semester Total	**27**
Grand Total for Second Year (M II)	**56**

JUNIOR COURSES
(July 24, 2013 – July 22, 2014)

Course Number and Title

All Year on Rotation	Credit Hours
Internal Medicine	12
Introduction to Health Care Ethics/Jurisprudence	2
Obstetrics and Gynecology	8
Pediatrics	8
Psychiatry	6
Surgery	8
Rehabilitation and Neurological Diseases	4
Family Medicine	4
Total for Junior Year (MIII)	52

SENIOR COURSES
(August 5, 2013 – April 20, 2014 for May Graduates)
(August 5, 2013 – June 20, 2014 for June Graduates)

One (1) credit per clerkship week

All Year on Rotation		Credit Hours
Medicine		4
Surgery		4
Electives Minimum		24
(includes primary care)	Maximum	28
Total for Senior Year (MIV)	Minimum	32
	Maximum	36

- **Junior medical students are required to attend a one semester offering of the Introduction to Health Care Ethics/Jurisprudence course each Wednesday from 5:10-7:10 p.m. in the HUH auditorium and other assigned rooms.**
- **Senior medicine and senior surgery examinations will be administered on the last Friday of each rotation except for the rotation in August. Students who rotate on Senior Medicine and/or Senior Surgery in August <u>must sit</u> for the examinations on the first date that the examinations will be administered providing those students are rotating in the Washington, DC area**

***Students will report to these rotations on the same day following an examination in another clerkship, the rotation will begin at 1:00 p.m. on the same day of the examination in that other clerkship.**

**** If necessary; (June graduates will complete rotations after May 9, but before June 21, 2014)**

November 3 – December 31	January 29 (2014)	February 19 (2014)

2014 Main Match Schedule

September 15, 2013	Registration opens at 12:00 noon eastern time for applicants, institutional officials, program directors, and medical school officials.
November 30, 2013	**Applicant early registration deadline** Note: Applicants may register for $60 until 11:59 p.m. eastern time. Applicants who register after November 30 must pay an additional $50 late registration fee ($110 total fee) until February 26, 2014, when registration closes.
January 15, 2014	**Rank order list entry begins** Applicants and programs may start entering their rank order lists at 12:00 noon eastern time.
January 31, 2014	**Quota change deadline** Programs must submit final information on quotas and withdrawals by 11:59 p.m. eastern time.
February 26, 2014	**Deadline for registration and ROL certification** **Rank order list certification deadline** Applicants and programs must certify their rank order lists before 9:00 p.m. eastern time. Staff will be available to answer your questions during the final deadline hours. **CERTIFIED** applicant and program rank order lists and any other information pertinent to the Match must be entered in the R3 System by this date and time. **Withdraw deadline** Independent applicants who have accepted a position through another national matching plan or by agreement outside the Matching Program must withdraw before 9:00 p.m. eastern time.
March 17, 2014	Applicant matched and unmatched information posted to the Web site at 12:00 noon eastern time. Filled and unfilled results for individual programs posted to the Web site at 12:00 noon eastern time. Locations of all unfilled positions are released at 12:00 noon eastern time only to participants eligible for the Supplemental Offer and Acceptance Program (SOAP).
March 18, 2014	Programs with unfilled positions may start entering their Supplemental Offer and Acceptance Program (SOAP) preference lists at 11:30 a.m. eastern time.

March 19, 2014	Programs with unfilled positions must finalize their first-round Supplemental Offer and Acceptance Program (SOAP) preference lists by 11:55 a.m. eastern time. Supplemental Offer and Acceptance Program (SOAP) offer rounds begin at 12:00 noon eastern time.
March 20, 2014	Supplemental Offer and Acceptance Program (SOAP) offers conclude at 5:00 p.m. eastern time.
March 21, 2014	Match Day! Match results for applicants are posted to Web site at 1:00 p.m. eastern time.
March 22, 2014	Hospitals begin sending letters of appointment to matched applicants after this date.

Note: SOAP-eligible unmatched applicants shall initiate contact with the directors of unfilled programs only through ERAS. Other individuals or entities shall not initiate contact on behalf of any SOAP-eligible unmatched applicant prior to contact from directors of unfilled programs. Such contact is a violation of the Match Participation Agreement. Contact between programs and matched applicants prior to the general announcement of 2014 Match results at **1:00 p.m. eastern time Friday, March 21, 2014** also is a violation of the Match Participation Agreement.
