## 67th ANNUAL CLASS REUNION & COMMENCEMENT WEEK ACTIVITIES AND THE VICTOR L. HANCOCK, DDS SYMPOSIUM

## Greetings from the Dean

This year we salute the Howard University College of Dentistry on the 133rd anniversary of the College's founding and honor your commitment to support our efforts to provide excellence in education and service to the community. All events will be held on the campus of Howard University.

We will reunite with our dental, postdoctoral dental, and dental hygiene classes of '49, '54, '59, '64, '69, '74, '79, '84, '89, '94, '99, '04 and '09. Alumni who are not listed in the above reunion years are encouraged to join as well.

The Hancock Symposium will have two parts: Part I "Bioceramics in Implant Dentistry: Rationale, Case Selection and Treatment Planning of Zirconia Dental Implants" will be presented by Sammy S. Noumbissi, D.D.S., MS, and Part II "Dentistry & Hygiene and Medical Insurance: We are all Oral Physicians" will be presented by Ronald S. Brown, D.D.S., M.S.

I respectfully request your attendance and support of our 67th Class Reunion and Commencement Week Activities and the Victor L. Hancock, DDS Symposium. The Alumni Social will honor alumni who have achieved distinction in their profession.

To reserve tickets please fax the registration form included in this brochure to (202) 806-0354 or send an email to fwilliams@howard.edu. We appreciate your past contributions and thank you in advance for your continued support.

**Please mark your calendars now to attend the 67th Class Reunion and the Victor L. Hancock, D.D.S. Symposium as well as other Commencement Week Activities.**

*Thank you for your continued support and I hope to see all of you in May!*

# About the Speakers…

## Ronald S. Brown, D.D.S., MS

Dr. Ronald S. Brown received his Doctorate of Dental Surgery from Georgetown University School of Dentistry in 1971. In 1988, he received a MS in Pharmacology and a Certificate in Oral Medicine from Georgetown University Graduate School. Soon after graduation, he was stationed in Fort Huachuca, AZ and later practiced General Dentistry at a private practice in the Washington, D.C. metropolitan area. He has participated in a number of research projects and has written over 150 publications. He has also lectured widely in the USA and abroad. In 1995, he began his association as a faculty member at Howard University College of Dentistry in the Department of Oral Diagnosis and Radiology and is currently a professor in the Department of Comprehensive Dentistry.

He is a clinical associate professor of Otolaryngology at Georgetown University Medical Center, and a special volunteer clinical research associate at NHLBI/NIH, Hematology Branch. He is presently the Director of Continuing Education Program at HUCD. His areas of research concern oral medicine, clinical trials, oral inflammatory diseases (Chronic Oral graft versus host disease), and drug- induced gingival overgrowth. For the last several years he has been listed as one of the top 100 CE providers by Dentistry Today.

## Sammy Noumbissi, D.D.S., M.S.

Dr. Sammy Noumbissi obtained his Doctorate in Dental Surgery from Howard University College of Dentistry in 1998. After obtaining his DDS, he received formal training in Implant Dentistry at the three-year Graduate Dental Implantology Residency program at Loma Linda University, California, USA. There he earned a certificate in Dental Implantology and a Master's of Science degree in Implant Surgery. For the past 14 years he has limited his practice to dental implantology. He is currently a reviewer for the Journal of Oral Implantology, an associate professor of implant dentistry at Wichita State University's Advanced General Dentistry program and the founding president of the International Academy of Ceramic implantology.

Dr. Noumbissi is a member of the editorial board for the Journal of Implant and Advanced Clinical Dentistry, the Dentistry and Medical Research Open Access Online Journal, the oral implantology section of the Oro-Facial Chronicle. He has published abstracts and articles in peer reviewed dental journals namely the Journal of Dental Research, the Journal of Oral Implantology and the Journal of Implant and Clinical Dentistry. He lectures extensively and trains dentists nationally and internationally on topics relating to diagnosis and treatment planning and the multiple applications of implants and ceramic dental implants for oral rehabilitation. Dr. Noumbissi Practices in Silver Spring, Maryland.
